CAREER OBJECTIVE

Aspiring Software Engineer with expertise in Python, C++, Java, AI/ML, and backend development. Experienced in building AI-powered applications, scalable web platforms, and user-focused solutions. Skilled in solving real-world problems through innovation, measurable impact, and secure engineering practices.

EDUCATION

Graphic Era Hill University, Dehradun B.Tech in Computer Science and Engineering	2023 – Present CGPA: 8.38/10.0
The Himalayan Public School, Dehradun Senior Secondary (12th), ISC	2022 – 2023 Percentage: 82%

PROJECTS

Talking OS – Vox (Voice AI Assistant)	Python – 2025
- Built a Siri-like macOS assistant with hotword detection, GPT-based responses, and 20+ voice commands. - Designed GUI with animations and secure API integration for smooth user experience. - Enabled task automation improving workflow efficiency by 25%.	
Smart Healthcare Platform (Prototype)	Flask, JavaScript – 2025
- Developed a multi-role web app with 3 dashboards for hospitals and insurers. - Implemented AI-driven fraud detection concepts and real-time bed management. - Enhanced operational efficiency and user experience for 50+ simulated users.	
Optimal Delivery Route Finder	Python – 2024
- Created GPS-enabled delivery optimization tool using Dijkstra's algorithm. - Reduced delivery travel time by 30% and supported offline fallback. - Improved route planning for 100+ deliveries in local pilot tests.	

SKILLS

Technical Skills: - Programming: Python, C, C++, Java - Data Structures & Algorithms - Web: HTML5, CSS3, JavaScript, Tailwind CSS - Backend: Node.js, Flask, REST APIs, Shell Scripting - AI/ML: Generative AI, API Integration - Tools: GitHub, VS Code, XCode, Postman, Firebase - Systems: Operating Systems, Computer Networking	Soft Skills: - Problem-Solving and Analytical Thinking - Leadership and Team Collaboration - Effective Communication - Time Management and Adaptability
---	--

ACHIEVEMENTS

- Shortlisted in **top 20%** applicants for Infosys iOS Development Bootcamp 2025.
- Led school and technical events with **300+ participants**, enhancing team engagement.
- Recognized in university hackathons for AI/ML and Python projects.

CERTIFICATIONS

- AWS Cloud Practitioner Essentials — 2025 (*Amazon Web Services Badge*)
- AWS Solutions Architect Foundations — 2025 (*Amazon Web Services Badge*)
